## THE CIVIC ELECTIONS.

**AID. WALLBRIDGE ELECTED  
MAYOR BY A LARGE  
MAJORITY.**

**THE PEOPLE'S CHOICE FOR ALDER-  
MEN.**

**A Large Vote Cast—Five of the Old  
Council Have Defeated.**

The civic elections yesterday in the city were conducted in a quiet manner. The Saturday night ex-Ald. Fowler, and Wallbridge to fight the battle. In all the wards there was a contest for Aldermen's honors, which made it still more interesting. The day being a holiday, a heavy vote was polled. At the opening of the polls at 9 o'clock, the friends of both candidates were found to be ready for the fray and votes were soon being polled. At the hour of noon a halt was made to the various polling booths, and it was learned that a big vote had already been polled. During the afternoon a large number were recorded, and when the vote was counted it was found that nearly 1000 had been cast. From the first return it was evident that Aid. Wallbridge would be elected, but a majority of over 300 was not anticipated by his most sanguine friends. Such, however, proved to be the result, he receiving a majority in every ward with the exception of Blocker, which gave Aid. Fowler a majority of 55. It was not known to some in the early part of the day that ex-Ald. Fowler had retired, and in consequence a few votes were given in his favor. It was not until 6:30 that the last place was heard from, namely, No. 7 division of Murphy Ward, which gave a majority of 41 to Aid. Wallbridge, making his majority 327. The enthusiasm of his friends at this time was beyond bound. The result of the voting in the various wards for Mayor and also for Aldermen, will be learned from the following figures:

When the result of the count had been learned the crowd began to assemble at City Hall, and by 7 o'clock the hall was densely packed. As the Mayor-elect entered the hall it was the signal for loud applause from the vast crowd. Aid. Fowler, ex-Ald. Fowler, Aid. Collins, ex-Ald. Anderson and others took seats upon the platform.

Ex-Ald. Anderson was the first speaker, and in a few words congratulated the newly elected Mayor.

When the Mayor-elect came forward to speak it was some time before he was able to do so on account of the continuous cheering. When able to obtain a hearing he spoke a few words, thanking his friends for the manner in which they had supported him, and also for the ovation tendered him. The majority by which he had been elected, (Loud cheers.) He could scarcely believe his words which he had just received. He had endeavored to do his duty as an Alderman, and as Mayor would do all he could for the city's interest.

Ald. Fowler also spoke. He said the combination had defeated him, he thanked his friends who had supported him. He congratulated Aid. Wallbridge upon his success. (He the speaker) had only been in the city for 6 years, yet he had received a hearty approval from the citizens. He retired gracefully.

Short addresses were also given by Aid. Collins, ex-Ald. Fowler, Aid. O'Flynn, Aid. Shavlin, Aid. Mikel and Aid. LeCombe, after which cheers were given for the Queen and the successful candidate, and then the meeting broke up.

Five of the Aldermen who sought reelection were defeated, namely Aid. Foster, Gordon, Hay, Clarke and Hopkins.

The City Clerk made his official declaration at noon today. He gave his casting vote in favor of Wm. Lott, who was a tie with C. A. Harris in Blocker Ward.

**MAYOR WALLBRIDGE.**

The Mayor-elect, Francis S. Wallbridge, is of French Wallbridge, Eng., and nephew of the late Hon. Lewis Wallbridge, Chief Justice of Manitoba. He was born in the city in the year 1861, and has always resided here. He is one of the youngest men ever elected to the Mayor's office in this city.

He has served 4 years in the Council, having represented the Second ward during that period. He is a member of the Reformed church, and is a politician a Conservative.

To preserve a youthful appearance as

long as possible, it is indispensable that the

hair should retain its natural color and

fullness. There is no other remedy so effec-

tive as Ayer's Hair Vigor. It prevents

hair from falling out, keeps the scalp clean,

cool, and healthy.

Pink Pills for Pale People are the only

Bleeding and Rational, and therefore the

only perfect remedy ever discovered for the

cure of diseases depending upon a disordered

and watery state of the blood. As they

improve a disordered food, the substance

actually needed to enrich the blood and

restore the system, they remove the cause

and cure the disease. All dealers or, by

mail, postpaid at 50 cents a box, or three

boxes for \$1.50. Dr. Williams' Medicine Co.,

Bridge St. Church "Dance the Agassiz" in

the College of our City.

All nations who have attained to any

civilization, regard the utterance of

language as one of the highest virtues, and

in Christian lands the progress of the

of Christianity on this point are many.

The church of our time is not only

teaching the doctrine that does not practice

it, it is regarded as one of its great

virtues. Each year our city becomes

more and more an educational center, and

in its history there are no more students

of Christianity on this point are many.

## Death in the Mountain.

The Sad Death of a Prince Edward County

Boy.

The Dramatic Tidings have the following

particulars regarding the death of A. L.

Morden, son of Capt. Morden, of Prince

Edward County, who was one of the unfor-

tunate victims of a terrible landslide in the

Rocky Mountains on December 10th. The

circumstances were peculiarly harrowing.

He was only 24 years of age, and had been

employed on the Great Northern Railway

as brakeman since May last. On the day

of the catastrophe, he was sent out by

Kilpatrick to clear the track of snow.

Engaged in this service were seven trainmen

about twenty Italian laborers. The

work of snow clearing had been accom-

plished, and the train was returning to the

canyon below, when Morden noticed an

immense mass of snow moving down the

slope at a tremendous rate. The sight

was appalling. Instantly Morden

signaled to increase speed, and then began

a race with death. It did not last long.

With a tremendous crash the mighty

avalanche, gaining momentum, swept down

on the railway, turned it completely

over and buried it with fearful force on

the ledge for below. Morden was buried

under thirty feet of snow. After ten hours

wary work, however, he was discovered,

but the immense mass of snow had forced

all but the faintest spark of life out of him,

and he was gently removed from the

wreck by a party mounted on foot and

carried to the hospital.

That Mammot Cheese.

A Leading English Merchant offers to

Ottawa, Jan. 20.—Prof. Robertson, Do-

minion Dairy Commissioner, returned from

England to-day. He states that he has re-

ceived an offer from a leading English mer-

chant to purchase the marmot cheese,

which he has been the owner of the Canadian

pyramid at Ottawa, after the fair is over.

The price offered will recompense the

department for all the expense of manufacturing

the cheese. The intending purchaser un-

derstands to exhibit the cheese free of ex-

pense to the department and without charge

to the public in every city of commercial

importance in Great Britain and Ireland.

Moreover, he will also spend \$15,000 in ad-

vertising it as the largest cheese in the

world.

Tips From the Tee.

The two risks from the local club which

went to Ottawa yesterday to compete in

the primary competition for the Ontario

team, were defeated. They were drawn

against two risks of the Bowmanville club.

The game was commenced shortly after

9 o'clock and was not ended until ten

o'clock, when the local risks were the

minority by 5 shots. Mr. Biggar's risk

helped by one shot and Mr. Clark's risk

helped by 4 shots. They returned

home last night, and report that the

Bowmanville team surprised them as a

royal manner. The loss played upon the

case of the defeat.

The players and the scores made by the

various risks were as follows:

## HENRY YOUNG CONFESSES

He Says He Burned the Saylor Block in Trenton.

He was to Get \$100 From Geo. A. Booth for Doing So. The Block Does Not Burn in Trenton and the Gas Did Not Go Out of the Bag.

A startling revelation was developed in police circles today when it became known that Henry Young, one of the alleged Trenton incendiaries now confined in the jail here, had made a confession yesterday afternoon. A reporter of the INTELLIGENCER was to-day interviewed by E. Lyons, counsel for the accused. When asked if it was a fact that Young had made a clean breast of the crime, Lyons replied that his client had turned Queen's evidence and his confession had made a confession. Lyons said that he had heard the rumor that the prisoner had confessed, but Lyons was the accused at noon to-day. Young is only 17 years of age, and comes of respectable parents. His father is one of the prominent Kent Northerners in the Trenton community. Young says that both he and Young Thompson were approached by Geo. A. Booth, grocery of Trenton, in November last, and that they were offered twenty dollars to burn the Saylor block, which was a rival grocery. Young stated that Booth's offer was agreed to by both himself and Terrance Tierney, but that the latter afterwards backed out. Young, however, agreed to do the job alone if Booth would give him the \$200. The latest agreed to this and it was arranged between the two that the work should be done on the night of November 30. Young seems to have understood his business pretty well for a greenhorn. By such devices as are known only to the fire-bug he arranged it that the fire did not break out until several hours after he left the building, and when he was fast asleep in his own home.

It will be remembered by the public that the building in question was completely gutted, while Mrs. D. K. R. was, and his wife in an upper apartment lost her life in the flames. Her daughter narrowly escaped similar fate.

If Booth had been as good as his word and given his companions in crime the twenty dollars agreed upon, the public would probably never have heard the true origin of the Saylor fire. Booth, however, refused to give the money and Young, Tierney and Young Thompson, who were in the building at the time, were arrested on the charge of arson. The boys did go to Michigan, where they were followed by Booth, they remained a few weeks and when they thought the affair had blown over they returned to Trenton only to find themselves behind the crown will arrest them in the case.

Young in consequence of his confession. A reporter learned to-day that the Attorney General had called on Young to make a statement from him. If Young is telling the truth the two will be set free, and the case will be closed in view of the avowed intention of the Ontario Government to thoroughly investigate the case and make an example of the guilty parties.

## A Social Renouveau.

A social renouveau took place at the residence of Mrs. Nightingale, on the 23rd inst., which a large company of Nipissing, Wallbridge, Anderson, and other friends of the family gathered to celebrate the 52nd anniversary of the marriage of the late Mr. Nightingale to Mrs. Anderson, the father-in-law and mother-in-law of Mr. John Nightingale. The old friends of the family were present, looking hale and hearty, surrounded by their children and grandchildren, in a most comfortable and pleasant manner. The guests of the evening were the friends of the family, and the celebration was a most successful one. The guests of the evening were the friends of the family, and the celebration was a most successful one.

## A Handsome Cathedral Wedding.

Springfield, Mass., the scene of the most splendid wedding of the season took place yesterday morning at the Cathedral, when Miss Grace Eustice, daughter of Mr. Eustice, of Springfield, was married to Mr. James Grant, of Springfield. The ceremony was performed by Rev. Dr. S. O. Sweeney, the newly appointed pastor of the cathedral, and was followed by the nuptial feast. The wedding was a most successful one, and the guests were most comfortable and pleasant.

## The New Hotel.

The Directors of the new Hotel met yesterday in the office of H. Corby, M.P. It was unanimously resolved to accept the plan as furnished by Gilman & Gilman, of Kingston. The plan was accepted by the directors, and the new Hotel will be built on the site of the old Hotel, and will be a most comfortable and pleasant one.

## Bail Refused.

Yesterday Mr. Porter, on behalf of Geo. A. Booth, Terrance Tierney and Henry Young, Jr., who are in jail on the charge of arson, applied to the court for bail. The judge refused to grant bail, and the prisoners will remain in jail until they can make bail.

## The Jubilee Singers.

A band of Jubilee Singers were present at the Tabernacle church last night, and gave a delightful entertainment. The singing was most beautiful, and the audience was most comfortable and pleasant.

## Day is Dangerous.

When the kidneys are out of order day is dangerous. Any disease may follow and become so well established that months of suffering will follow. A gentle tonic like Dodd's Kidney Pills will cure the kidneys and protect them from disease. They are a kidney food.

## Gladiators.

The Grand old Gladiators seems to grow younger as the years go by. When asked for the real secret he finally told us (Not expecting it would be published) that it was his wife. Mrs. G. never allows any other food but the Imperial Ocean Tonic Bitter Powder to be used. It's the only reliable food by all experts.

Mr. Ames Odell, of Brookville, is dead, aged 74. He was in his usual health up to within an hour of death.

## A Preliminary Examination.

McWilliams and Hubble before the F.M. on a Serious Charge.

Norman McWilliams and David Hubble, the two young men accused of criminally assaulting Miss O'Connell, were yesterday afternoon given a preliminary examination before Police Magistrate Flint.

Mr. Geo. E. Henderson appeared for half of the crown, the accused being represented by Messrs. A. R. Duggan, G. C. O. Porter and G. E. Lyons.

Miss O'Connell was the first witness, and told the following story of the assault on Mr. Henderson.

She lived at Bismarck, where her father resided. She was 20 on 19th Sept. last, and always lived at home; she knew the prisoners, they lived about 12 miles from her father's residence, both her unmarried men, Norman McWilliams lived with his father and sister, and Hubble lived with his parents. She saw both of them frequently, as they came to the post office. On the 17th of January McWilliams came to the office about 2 o'clock and Hubble came about 4 o'clock in the afternoon. Monday evening the net came to her house and told witness that there was to be a party on Tuesday night at the McWilliams residence.

When McWilliams came to her place he said "Did Bennett tell you (Miss O'Connell) the party?" She answered "yes." She said she could not go. He said there would be some one else after her. She said McWilliams again that evening. He was at his home. David Hubble came after her to go to a party at Mr. Goodfellow's. This was about 7:30 in the evening. McWilliams said it was to be an oyster supper.

Hubble came witness, mother and sister were in the house. Hubble said they were to go to the party. When she got to McWilliams there was no person there. Hubble told her to go on in the house and he would put up the horse. There was a light in a room upstairs. She went into the room and found McWilliams sitting on a stove. He said, good night, and asked her to sit up near him. She said she would, as she thought McWilliams said that Geo. (meaning his sister) was up stairs, and would be down in a few minutes. He then threw his arms round the witness. She wanted to go to the door, but he would not let her. He said she was a good girl, and she should stay. She screamed and called Geo. but he said Geo. was upstairs, and could not hear her. He had a jack knife in his hand, and threatened to cut her clothes, and did cut some. He threw her upon the floor. David Hubble then came in, and McWilliams let go of her. She asked Hubble to leave her alone, but he would not. He said if Geo. was ready. He came down, and said she must have gone and left us, as she was not here. Hubble went out, and McWilliams locked the door, and then asked and assaulted her. Hubble also said to her, Mrs. Lyons. He said to her, Mrs. Lyons. He said to her, Mrs. Lyons.

colder.

## A Lengthy Struggle

The election of Wardens for Peterborough  
County was a long struggle, the ballots  
being taken before a choice was made. It  
finally resulted in Mr. W. Anderson, Reeve  
of Simsbury, being selected.

## Delay is Dangerous.

When the kidneys are out of order delay  
is dangerous. Any disease may follow and  
become so well established that months of  
suffering will follow. A gentle tonic like  
Doan's Kidney Pills is always acceptable to  
the kidneys and prevents them from dis-  
ease. They are a kidney food.

## Our Cheap Underwear.

We don't want you to forget that the  
Oak Hall is selling a splendid line of heavy  
underwear at 75c. per pair. This  
particular line is being sold all over the city  
at \$1 per pair. We don't want to say that there  
is any profit in selling it at such a low price,  
but we are overstocked, and must unload.

## Presentation.

A pleasing event took place at the Ma-  
sonic Temple at a regular meeting of Miles  
Lodge last night, when W. Bro. W. O.  
Miles, P.M., was presented with a beauti-  
ful gold pen. Master's jewelry, tastefully in-  
scribed, mounted on blue silk and supported  
by three gold chains. W. H. Miles  
was completely taken by surprise, but made  
a suitable and feeling reply.

## The Assault Case.

The preliminary examination of the  
young man, Edmund McWhorter, and Dave  
Hubble, who are charged with brutally  
assaulting Underhill, was continued  
before the M. M. trial to-morrow. The com-  
plainant was cross examined at great length  
before the M. M. trial, counsel for the de-  
fense, when adjournment was until to-mor-  
row. Nothing new was elicited.

Wednesday Afternoon Session.

J. A. Deuch took the chair in committee  
of the whole on Ways and Means.  
Mr. Ayerworth moved, seconded by Mr.  
Vermilyea, that \$25 be paid to each of the  
Public School Inspectors.—Carried.Several small accounts were passed, when  
the committee on Finance and Public  
property committee were authorized to proceed  
with the enlargement of the Registry  
office. It was a matter that had been on  
off from time to time, and the mover said  
the improvement was no doubt needed.It was a matter that had been on  
off from time to time, and the mover said  
the improvement was no doubt needed.The Council went into committee of the  
whole on special communications, Mr. Mar-  
tin in the chair.In reference to the petition of Gray Co.,  
re the consolidation of section 33 of the  
Municipal Act, Mr. Ayerworth agreed with  
the memorial, and the speaker said County  
Councils should have control of their County  
bridges in the event of arbitrations arising.  
The present Act is too expensive and  
imposed upon the municipalities the prop-  
er share of the cost to be borne by the  
different municipalities. He was in favor  
of signing the memorial.Mr. Vermilyea concurred in the remarks  
made by the speaker. He did not  
think it was necessary to send a deputation  
to the local Assembly.Mr. Ayerworth moved, seconded by Mr.  
Donoh, that the Warden and Clerk be  
authorized to sign the memorial and for-  
ward it to W. F. Hudson, M.P.—Carried.The memorial from Elgin County pertain-  
ing to the Dominion Government to  
amend the Railway Act was taken up. Mr.  
Ayerworth thought it was only right that  
railways should be compelled to erect cul-  
verts wherever necessary. He did not  
think, however, that a resolution would be  
of any use in view of the power exercised  
in Parliament by the different railroads.He moved, seconded by Mr. Haggerty, that  
the memorial be signed and forwarded to  
the Secretary of State.—Carried.Mr. Vermilyea spoke strongly against the  
arbitrary manner adopted by the railways  
running through Thurlow, and drew special  
attention to the road running through  
Corbyville, where they absolutely refused  
to keep up their fences and several cul-  
verts had been killed in consequence.A petition was read from the Dominion  
Alliance praying the co-operation of  
Hastings County to secure the taking of a  
direct route in Ontario as to the merits of  
total prohibition.The mover was favorable to the peti-  
tion. He wished the sentiment was strong  
enough to carry total prohibition through-  
out Canada. The reason was a series of  
degradation and misery to Canada. He  
moved, seconded by Dr. Falkner, that the  
petition be signed and forwarded to the  
Secretary of State.—Carried.Messrs. Vermilyea, Falkner, Clark,  
Farley, Haggerty, Holgate, McGargy, Mc-  
Laren spoke favorably of the movement.Several of the speakers spoke against  
putting the problem of the expense of the  
road to the front of the issue. Mr. Deuch  
spoke in support of the motion. He thought  
it would be better to have the ques-  
tion of the road raised at the next provincial  
election.Mr. Farley did not think this was a wise  
move. If the matter was voted on at a  
provincial election, politics would be drawn  
into the question and the real issue lost  
sight of. Mr. Farley referred to the fact  
that the Equal Rights Society some time  
ago approached certain candidates and asked  
them to pledge themselves to certain  
resolutions which he thought was a wrong  
course.Mr. Vermilyea—"I thought so, too."  
(Laughter.) "The Equal Rights Society."  
Mr. McGargy, Holgate and Farley  
thought a vote could be taken to better  
advantage during the present session.Mr. Tipt's experience was that better  
bodies moved slowly. He did not think the  
Dominion Government was only right the  
more so in consequence of the peti-  
tion.

The motion carried.

In reference to the petition dealing with  
a house of refuge for Hastings County for  
the poor, Mr. Farley referred to the fact  
that he was favorable to the erection of such  
a house. He believed that if the matter was  
raised before the next session, it would be  
settled.The bill of C. F. Holton for plank, \$3.45  
was ordered paid. Council adjourned till  
the second Wednesday in February.

Wednesday Afternoon Session.

J. A. Deuch took the chair in committee  
of the whole on Ways and Means.  
Mr. Ayerworth moved, seconded by Mr.  
Vermilyea, that \$25 be paid to each of the  
Public School Inspectors.—Carried.Several small accounts were passed, when  
the committee on Finance and Public  
property committee were authorized to proceed  
with the enlargement of the Registry  
office. It was a matter that had been on  
off from time to time, and the mover said  
the improvement was no doubt needed.It was a matter that had been on  
off from time to time, and the mover said  
the improvement was no doubt needed.The Council went into committee of the  
whole on special communications, Mr. Mar-  
tin in the chair.In reference to the petition of Gray Co.,  
re the consolidation of section 33 of the  
Municipal Act, Mr. Ayerworth agreed with  
the memorial, and the speaker said County  
Councils should have control of their County  
bridges in the event of arbitrations arising.  
The present Act is too expensive and  
imposed upon the municipalities the prop-  
er share of the cost to be borne by the  
different municipalities. He was in favor  
of signing the memorial.Mr. Vermilyea concurred in the remarks  
made by the speaker. He did not  
think it was necessary to send a deputation  
to the local Assembly.Mr. Ayerworth moved, seconded by Mr.  
Donoh, that the Warden and Clerk be  
authorized to sign the memorial and for-  
ward it to W. F. Hudson, M.P.—Carried.The memorial from Elgin County pertain-  
ing to the Dominion Government to  
amend the Railway Act was taken up. Mr.  
Ayerworth thought it was only right that  
railways should be compelled to erect cul-  
verts wherever necessary. He did not  
think, however, that a resolution would be  
of any use in view of the power exercised  
in Parliament by the different railroads.He moved, seconded by Mr. Haggerty, that  
the memorial be signed and forwarded to  
the Secretary of State.—Carried.Mr. Vermilyea spoke strongly against the  
arbitrary manner adopted by the railways  
running through Thurlow, and drew special  
attention to the road running through  
Corbyville, where they absolutely refused  
to keep up their fences and several cul-  
verts had been killed in consequence.A petition was read from the Dominion  
Alliance praying the co-operation of  
Hastings County to secure the taking of a  
direct route in Ontario as to the merits of  
total prohibition.The mover was favorable to the peti-  
tion. He wished the sentiment was strong  
enough to carry total prohibition through-  
out Canada. The reason was a series of  
degradation and misery to Canada. He  
moved, seconded by Dr. Falkner, that the  
petition be signed and forwarded to the  
Secretary of State.—Carried.Messrs. Vermilyea, Falkner, Clark,  
Farley, Haggerty, Holgate, McGargy, Mc-  
Laren spoke favorably of the movement.Several of the speakers spoke against  
putting the problem of the expense of the  
road to the front of the issue. Mr. Deuch  
spoke in support of the motion. He thought  
it would be better to have the ques-  
tion of the road raised at the next provincial  
election.Mr. Farley did not think this was a wise  
move. If the matter was voted on at a  
provincial election, politics would be drawn  
into the question and the real issue lost  
sight of. Mr. Farley referred to the fact  
that the Equal Rights Society some time  
ago approached certain candidates and asked  
them to pledge themselves to certain  
resolutions which he thought was a wrong  
course.Mr. Vermilyea—"I thought so, too."  
(Laughter.) "The Equal Rights Society."  
Mr. McGargy, Holgate and Farley  
thought a vote could be taken to better  
advantage during the present session.Mr. Tipt's experience was that better  
bodies moved slowly. He did not think the  
Dominion Government was only right the  
more so in consequence of the peti-  
tion.

The motion carried.

In reference to the petition dealing with  
a house of refuge for Hastings County for  
the poor, Mr. Farley referred to the fact  
that he was favorable to the erection of such  
a house. He believed that if the matter was  
raised before the next session, it would be  
settled.The bill of C. F. Holton for plank, \$3.45  
was ordered paid. Council adjourned till  
the second Wednesday in February.

Complaints are pouring in thick and fast that the supply of gas is inadequate, we presume, as a consequence of the extreme cold weather. It is not understood whether the gas utility has been asked to increase the average supply, or whether the gas companies are being asked to do so.

**J. G. BLAINE.**

The death of Hon. J. G. Blaine must be regretted by the people of the United States, irrespective of political feelings. He was one of the most famous characters of the country, and his ability as a statesman and politician was beyond question. He was a man of high character, and his death is a great loss to the country.

**THE EGYPTIAN QUESTION.**

France is again very much agitated over the Egyptian occupation of Egypt, and would like to do something more effective than offering protests, if she could. Recent occurrences at Cairo have shown that the French intervention in Egypt is a failure. The French government is now in a difficult position, and it is not clear what it will do next.

Toronto Base Ball Nine probably will not accept Ottawa's Challenge, as Mr. Gillett of Toronto, the manufacturer of Imperial Cream Tartar Baking Powder is very short of help and thinks playing ball a waste of time when they could get work. Imperial is sold by all grocers and is the Best.

### "His Wordbooks."

The Rev. J. M. Hodson has been in New York for the month of December. He has been completing his religious literary work, which is now in the hands of the publishers, and which after being copy-righted by them in England and the States, will be given to the public.

Mr. Hodson has also been preaching in Brooklyn and New York. For the last two Sundays he preached several times in the Reed Avenue Methodist church, one of the largest in the United States. For the last two Sundays he has been supplying for the Rev. Dr. Deane in the well-known "church of the strangers" in New York.

A section 16 by 600 feet of the roof of the new annex of the manufacturers' building at the World's fair grounds in Chicago collapsed on the 24th of last month on the machinery. Machinery had also suffered greatly. The loss is estimated at \$100,000.

Children Cry for Fletcher's Castoria.

### A Picky Conductor.

A C.P.R. Train stopped by a man, who tried to enter the Express car.

On Tuesday last, an attempt at holding up a C.P.R. express train was made early in the evening, just above Sharon Lake. The particulars are as follows: The express for Toronto left here at 1:30, in charge of Conductor Hall and the engineer. After Sharon Lake had been passed the engineer saw two men standing on the track, evidently for the express to stop, and fearing that something was wrong, with the train, the brakes were applied and the train stopped. It was just dark, but light enough for the engineer to notice that as soon as the train stopped the two men leaped the front of the express car where they tried to conceal themselves. By this time the conductor had advanced, and, ascertaining the cause of the delay and he was met by the engineer who told him the particulars and supplies. The conductor then stepped on the express car door and asked the messenger for his revolver. With the shooter in his hand Hall then went to the front of the car, and the men seeing him with revolver in hand, attempted to escape. Two shots were fired after them, and they were commanded to stop and hold up their hands. This they did not do, and were taken in charge by the picky conductor and carried on to Toronto, where they were handed over to the authorities.

Whether the men were tramps and simply wanted a free ride, or whether they intended to try and break into the express car could not be learned, but certainly Conductor Hall was not a picky man in the picky manner in which he captured his men.—Smith's Falls News.

### Pleasure and Profit.

The desire for railing in a climate posing quillies also adapted to the benefits of people of weak lungs, catarrh, delicate throats, etc., is growing stronger from year to year. The more accumulation of money at the expense of health is not regarded in the same favor as formerly. The combination of pleasure and profit is no longer regarded as most desirable. In no place in America is there a point where this combination exists to a greater degree than Galveston County, Texas. The wonderland of North Galveston and the islands some profits that are being steadily made, but by capitalists and men of small means, has been attracting the attention of investors from all parts of the United States. The literature of the North Galveston Ave's giving full detailed information on the subject can be obtained from John Fort, Belleville, Okla. local agent of the Association. The address of the General Office being the North Galveston Ave., Box 963, Minneapolis, Minn.

### President Robinson.

It is with pleasure we learn that Mr. John Robinson, a former Belleville boy, who commenced the business of life insurance in the office of Mr. Thomas Donaldson, of this city, was recently elected President of the Vermont Life Insurance Company. Mr. Robinson accepted the position. Manager of this company about a year and a half ago, was soon after elected Vice-President and is now President. This is a pretty good proof of what the cautious man in the State thinks of him, and so they ought, as the annual statement shows that the new insurance issued last year was \$200,000 an increase of \$500,000 over the year before. The statement also shows that the decrease in expenditures was \$25,000 over the previous year. Mr. Robinson is a native of Vermont, and is one of the best life insurance men in the United States, and we congratulate him on the recognition of his abilities.

### Wanted in Every Family.

### Stolen Goods.

The Goods Stolen from Mr. Reid's Store Found in a Box Car.

It will be remembered that some time since last Oct. store was burglarized and a quantity of goods stolen, but no clue was found to the identity of the thief. On the 13th a quantity of goods were found by an employee of the G. T. K. at York station done up in a parcel and stowed away in a box car. A detective was sent to look out for the goods and today the parcel was sent to this city when Mr. Reid identified a portion of the goods stolen from his store. The thief has not been discovered.

### Anniversary Services.

Rev. Mr. Sherry at Holy Trinity Street Church.

Anniversary services were yesterday preached at Holy Trinity street church by Rev. S. J. Sherry, M.A. of Napawa, a former pastor of the church. There were large congregations present at both services. In the morning the rev. gentleman delivered an instructive and able address from the following scripture text: "For all the law is fulfilled in one word, even in this, that thou shalt love thy neighbor as thyself."—Galatians viii, 13.

It is sometimes a complexity to know what is right and to know what is the right thing to do, it is a great problem. There are multitudes of people who wish to do the right thing, but are often in a position that they do not know what is the will of God in the matter. We have rules for the government of our children. They cannot see and grasp great principles until they arrive at the age of maturity, and are guided by side with men who are to consider their rights as well as our own. In the old dispensation the law was given to the people, and they were to be instructed by rules and regulations. In the new dispensation the law is written on the hearts of the people, and they are to be instructed by the spirit of love and benevolence. This should guide our judgment. We should possess the commanding and controlling principle of love. Paul, in the words of the text, was endeavoring to impress the Galatians with this idea. There is no safety under the law except when the heart is filled and controlled by the principle of love. Our Saviour came down to do good even to those who persecute us, to love those who hate us, and pray for those who despise us. The world has not yet seen the mighty principle of love rightly exercised. When this is done we will have the beginning of a reformation. If God had dealt with us as we deserve we would not enjoy the privileges which we do today. But His love for us caused Him only to do this, that we might live.

In conclusion the speaker urged upon his hearers the importance of living up to the requirements of God's command.

### the County Council Concludes its

Saturday Morning Session.

Mr. Vermilyea as chairman of Finance and Public Property Committee, submitted a report on the proposed alterations to the city hall.

1 That the chairman move the pillars in front of the court house, and have the stone chatters window frames of Shire Hall painted.

2 That the fence at the south of Shire Hall be removed and a low fence of gas pipe substituted.

3 That such weapons and dishes, etc., as are needed for the prison be purchased by the county council.

4 That Mr. Bailey be instructed to make plan of the addition to the registry office, and prepare specifications for it and the necessary changes in the old building with his estimate of the cost of such improvements.

5 That the chairman invite tenders for the work, after securing the approval of the plan by the Inspector of registry offices, and giving advertisement two insertions in both the daily papers of the city.

6 That the chairman move the adoption of the report.—Carried.

By a-law assuming the road leading from the bridge road north in Rawdon township as a county road was passed through various stages and numbered 477.

Mr. Aylworth took occasion to thank the committee for the appointment to the clerkship. After twenty years' service in the council it was pleasing to know that he retained the good will and respect of the members. He had always tried to do the duty of his office, and he felt he had the confidence of the council. He hoped that when he retired from office he would leave a good reputation behind him as his predecessor.

The speaker's remarks were received with applause.

The committee on Ways and Means resumed.

Attesting Clerk Willis, who is a member of the Belleville Board of Education, stated that at a meeting of the Board last night it was decided to send a delegation to the Council for each county pupil attending the Belleville schools.

The Council adjourned until Wednesday, June 1st.

### Hastings County Mutual Health.

That Hastings County has a vast store of mineral wealth as yet undeveloped is now an established fact. Referring to some of them in a recent interview, Dr. W. L. Goodwin, Professor of Chemistry in Queen's University, said:

In the adjoining county of Hastings large deposits of iron ore have been discovered. This ore is available in demand and commands a very high price.

It is capable of being turned into water pipes, fire pots and many other things, and when subjected to great heat it is rendered very hard and fireproof.

It is also a very fine material, and has been found in the same county, a surface specimen yielding 35 per cent of iron. It is possible to obtain the pure iron, and it will make a much richer showing, yielding at least as high as 50 per cent of iron.
